Note: Definition of Survivor or Survivors – One who survives another; one who outlives another; one who lives beyond some happening; one or two or more persons who lives after the death of the other or others. The word “Survivor”, however, in connection with the power of one or two trustees to act, is used not only with reference to a condition arising where one of such trustees dies, but also as indicating a trustee who continues to administer the trust after co-trustee is disqualified, has been removed, renounces or refuses to act.
