President's Directive 2017-01

To: All University Employees

From: President

Re: **Organized University Activities For Students Held at Private Residences and/or Surrounding Areas**

Effective immediately, all University employees shall refrain from organizing or holding classes for students, events, parties or related University activities at their or any private residence or surrounding areas. This means that administrators, faculty and staff are prohibited from holding any activity for students that purports to be University related at their or any other private residence, which may include the surrounding areas.

Thank you for your cooperation and commitment to the University.
