ANNOUNCEMENT

January 5, 2026

THE UNIVERSITY OF GUAM SOLICITS APPLICATIONS TO ESTABLISH A LIST OF ELIGIBLES FOR THE FOLLOWING POSITION (TENURE/NON-TENURE TRACK APPOINTMENT, FULL-TIME, SUBJECT TO THE AVAILABILITY OF FUNDS):

#020-26 ASSISTANT PROFESSOR TO ASSOCIATE PROFESSOR (GEOLOGY)

Location:

University Information:

Water & Environmental Research Institute

The University of Guam is the premier institution of higher education in the Western Pacific. It is a land-grant, a sea-grant, and a space-grant institution, accredited by the Western Association of Schools and Colleges Senior Commission. Located in the village of Mangilao on the island of Guam, the campus overlooks the beautiful Pago Bay and the University’s world-class Marine Laboratory and Water and Environmental Research Institute of the Western Pacific. The University has 3,400 students, 47% of Asian ethnicity and 45% of Pacific Islander ancestry, providing a uniquely diverse campus and multicultural atmosphere. As a regional, comprehensive, open-admissions institution, the University awards degrees at the certificate, baccalaureate, and master’s levels through its two colleges and four professional schools. The University also offers a professional doctorate degree in Instructional and Academic Leadership (its first-ever online doctoral program) through the School of Education. The institution’s mission of Ina (to Enlighten), Diskubre (to Discover), Setbe (to Service) serve as the foundation for the institution’s Tulos Mo’na strategic plan, with its vision to transform lives and advance communities as a land-grant, a sea-grant, and a space-grant university. One of the university’s key strategic initiatives is to be recognized as a research university centered in Island Wisdom. Island Wisdom acknowledges that Pacific ways of knowing and Western models of higher education are central to the institution’s teaching, research, and service endeavors, and that balanced consideration of the ideas that emerge from them is essential to the prosperity and sustainability of island communities. Through its robust research portfolio fueled by extramural funding from competitive grants and contracts, the University delivers public value through dedicated and capable administration, faculty, students, and staff. As a complement to the research carried out at the institution, the University of Guam has an active press dedicated to publishing research and writing about Guam and Micronesia. A variety of publishing opportunities are available to UOG faculty, employees, students, and members of the communities we serve through the University of Guam Press. UOG is a safe and secure campus, where the institution places paramount importance on the physical, intellectual, emotion, and spiritual wellbeing of its students and employees. It fosters open dialogue and collegiality based upon mutual respect for diverse perspectives. The university has enacted processes to ensure the physical safety of the campus (most recent information may be accessed at <https://www.uog.edu/safety-security/>) and a policy that encourages open dialogue and respect for all points of view. Community responsive academic programs, robust research agenda, ample publishing opportunities, and commitment to community make the University of Guam an exciting place to be for many years to come.

General Description:

The University of Guam is looking for an individual who is interested in new challenges and opportunities for professional and personal growth. This position calls for someone who is self-motivated and adaptable, intelligent, possesses a global vision and who is interested in working in a dynamic, multicultural institution.

Unit Description:

WERI was established in 1975 as one of the nation’s 54 National Institutes for Water Resources Research. Its mission is to conduct water resources research, professional training, and public outreach for Guam, the Federated States of Micronesia (FSM), and the Commonwealth of the Northern Mariana Islands (CNMI). Accordingly, its faculty support the university’s graduate Environmental Science program and provide training for professional and technical staff in local and regional government agencies and private firms. WERI faculty collaborate with external university researchers and with University of Guam faculty in other units, including its new School of Engineering. The institute has seven faculty, with a broad span of expertise in earth science and water resources engineering, and is equipped with a Water Quality Analysis Laboratory and a state-of-the-art Geographic Information System Laboratory.

Character of Duties:

WERI seeks a geologist familiar with or prepared to master the regional and local geology of Guam, the FSM, and the CNMI. He or she will be expected to set up and lead a vigorous research program addressing both basic and applied aspects of water resources exploration, development, management, and conservation for island communities throughout the western Pacific region.

This is a research faculty position. The successful candidate will be expected to develop and lead a research program grounded in external funding and collaboration with co-investigators from outside institutions as well as local colleagues. At WERI, he or she will be working with multidisciplinary teams of scientists, engineers, and graduate research assistants on basic and applied problems pertaining to water resources of Guam, the FSM, and the CNMI. Primary duties will be initiating and conducting research projects, contributing to graduate instruction in the University’s Environmental Science Program, advising thesis research, and mentoring students working on Master’s Degrees in environmental science.

A driver’s license is required since the finalist needs to conduct field trips for data collection.

Qualifications:

Minimum: Ph.D. in Geology or Ph.D. in a related field such as Physical Geography or Civil Engineering with a Bachelor’s and/or Master’s degree in Geology from a U.S. regionally accredited institution or foreign equivalent. WERI seeks an early to mid-career geologist with interest and experience in karst hydrogeology or geomorphology, or in carbonate petrology and karst processes. He or she should be competent in field geology, prepared to live and work in the tropics, and interested in mastering the geology of the region and making a long-term commitment to WERI and the University of Guam. Must be willing to teach online.

#020-26 ASSISTANT PROFESSOR TO ASSOCIATE PROFESSOR
(GEOLOGY)

	<p>Preferred: Training and interests of the ideal candidate should embrace broader aspects of Pacific island geology, including not only reef and carbonate geology, but volcanic geology, tectonic history, climate history, and sea level history. Experience in applications of geospatial technologies such as Geographic Information System (GIS), remote sensing and Global Positioning System (GPS) for geologic mapping and analysis. Experience working and teaching in online learning programs.</p>				
Salary Level:	<p>Salary will be commensurate with qualifications and experience relevant to the position. The following salary figures are for nine (9) months:</p> <table><tr><td>Assistant Professor</td><td>\$52,408 - \$105,140 Per Academic Year</td></tr><tr><td>Associate Professor</td><td>\$58,369 - \$115,705 Per Academic Year</td></tr></table> <p>Compensation for employment shall not commence until all hiring conditions are met, including required employment visa. Annual salary will be prorated, if start of employment is delayed.</p>	Assistant Professor	\$52,408 - \$105,140 Per Academic Year	Associate Professor	\$58,369 - \$115,705 Per Academic Year
Assistant Professor	\$52,408 - \$105,140 Per Academic Year				
Associate Professor	\$58,369 - \$115,705 Per Academic Year
