One of the university's key strategic initiatives is to be recognized as a research university centered in Island Wisdom. Through its robust research portfolio fueled by extramural funding from competitive grants and contracts, the University delivers public value through dedicated and capable administration, faculty, students, and staff. As a complement to the research carried out at the institution, the University of Guam has an active press dedicated to publishing research and writing about Guam and Micronesia. A variety of publishing opportunities are available to UOG faculty, employees, students, and members of the communities we serve through the University of Guam Press. UOG is a safe and secure campus, where the institution places paramount importance on the physical, intellectual, emotional, and spiritual wellbeing of its students and employees. It fosters open dialogue and collegiality based upon mutual respect for varied perspectives. The university has enacted processes to ensure the physical safety of the campus (most recent information may be accessed at https://www.uog.edu/safety-security/) and a policy that encourages open dialogue and respect for all points of view.
