

NURSING PROGRAM

Program Description

Students will be able to learn U.S. standard Nursing practices during a 1- or 2-week study abroad program. They will learn from Nursing instructors who have over 20 years of experience. They will be able to tour the different facilities at the Guam Memorial Hospital and the Skilled Nursing Facility and/or the Guam Regional Medical City. They will be able to see demonstrations of state-of-the-art equipment and materials these institutions have to offer. They will get insights from doctors and nurses from different units and specialties through observations and discussions. They will also be able to learn the different public services that are offered at the Department of Public Health and Social Services.
