Question or Clarification:

- A major component of both the technical and price proposals is to provide qualifications and pricing for:
 - Updating the UOG Campus Physical Master Plan; and
 - Refining UOG's Design Standards and Construction Requirements

Can copies of the existing Physical Master Plan and current Design Standards and Construction Requirements documents be provided as reference, in order to fully assess the scope of services and level of effort?

- RFP pages 44 and 45 make reference to including US Govt. Standard Form 330, but it is not included as an item in the RFP-T-02 Checklist on page 46. Please confirm that a completed SF330 is required and should be attached with the appendices?
