Matters!**

2018 Compact of Free Association (COFA) Survey

Attention residents of Guam:

The **2018 Compact of Free Association Survey** is now underway. This survey estimates the number of migrants from the Marshall Islands, Micronesia, and Palau currently residing in Guam. To create this estimate we need to count everyone, not just migrants. If your household is selected for the survey, it is important that you participate. The survey is conducted by the U.S. Census Bureau with help from the University of Guam and the Bureau of Statistics and Plans and will run until **December 30th**. The Department of the Interior will use the new estimate to distribute a portion of \$30 million to Guam annually for healthcare, education, and public safety programs.
